

140S

LIGHTWEIGHT CHAINSAW

**FOR
DOMESTIC USE**

This model boasts an ideal combination of power and lightness. Precision cutting and comfort are ensured by the one-piece grip/tank unit, isolated from the engine by 5 anti-vibration elements. The automatic starter and primer also ensures easy starting in all conditions. Maintenance operations are greatly simplified thanks to the filter/spark-plug cover that can be opened without the need for tools.

FEATURES

Displacement/power:	40cc 2-stroke engine
Bar and chain:	16"
Weight:	4.1kgs

HINTS AND TIPS

- ONLY USE 2 stroke mix (50:1)
- Thoroughly read owner's manual for correct assembly instructions - if you do not assemble the machine correctly it will not function properly
- 100ml special 2 stroke oil to 1 gallon of new, clean, unleaded petrol
- Wear protective safety equipment when using this machine - face visor, gloves, boots and long trousers
